Reasons for Allowance

1. Claims 1 and 3-8 are allowed and renumbered as claims 1-7.

The restriction requirement of claim 8, as set forth in the Office action mailed on March 29, 2010, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 8 is no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest the recited photochromic article further including wherein said thin metal oxide layer is formed by silicon oxide, titanium oxide, zirconium oxide, tin oxide, zinc oxide, cerium oxide, iron oxide or a composite oxide containing these oxide components. The prior art of record does not teach or

suggest the recited photochromic optical article further including a thin metal oxide layer comprising a silicon oxide layer having a thickness of 0.01 to 10 μ m, where the silicon oxide layer is formed by converting polysilazane in a thin polysilazane layer formed on a photochromic layer into silicon oxide.

The prior art does not teach motivation or suggestion for modification to make the invention as instantly claimed.

Any comments considered by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lawrence Ferguson whose telephone number is 571-272-1522. The examiner can normally be reached on Monday through Friday 9:00 AM – 5:30PM.
